Profile Summary

Second-year Software Engineering student at Addis Ababa Science and Technology University with knowledge in Python basics, C++, databases and backend development fundamentals. Passionate about building software solutions, solving programming problems, and learning modern web technologies. Experienced in developing academic and personal projects. Seeking an internship opportunity to gain hands-on industry experience and contribute to real-world software development projects.

Education

- **Addis Ababa Science and Technology University**
  BSc in Software Engineering
- **2024-Present**
  - Relevant Coursework: Programming fundamentals, Database Fundamentals, Introduction to software engineering

Technical Skills

Programming Languages

- Python (Basic–Intermediate)
- C++ (Intermediate)
- JavaScript (Basic)

Backend

- Node.js (Basic)
- REST API Fundamentals
- CRUD Operations

Web Development

- HTML, CSS (Learning basics)

Tools

- Git (Basic understanding)
- GitHub
- VS Code

Other Areas

- **Data Analysis Fundamentals** (Python libraries exploration)
- **Artificial Intelligence**: Basic concepts

Projects

Book Store Management System | Node.js

- **GitHub: abigiya-abby/SHECODENODETRACK3**
- Developed a console-based application for managing book records
- Implemented CRUD(Create,Read,Update,Delete) operations

AASTU Events Hub| Backend Contributor

- **GitHub: abigiya-abby/backend-2**
- Contributed to backend development for an event management platform using Supabase.
- Debugged and modified API and database-related functionality
- Deploy the application using Vercel and Render and verify system functionality.

Student Grade Management System |C++

- **GitHub: abigiya-abby/Struct_Practice**
- Developed a C++ application for managing student grade records.
- Implemented file handling, structures, and user-defined functions for data management.

Countdown Timer| Node.js

- **GitHub: abigiya-abby/SheCodesNodeTrack2**
- Timer application capable of tracking and displaying countdowns
- Applied JavaScript Asynchronous functionality and runtime features

Interests

- Actively learning backend web development using node.js and express
- Regularly practicing programming and problem-solving skills.
- Interested in Web Development, New technologies and Software Engineering

Languages

- English – Fluent
- Amharic – Native
